What schools are saying...

“As a busy school principal, I have appreciated the assistance of “All About Languages” in acquiring qualified foreign language teachers for my school. I have called upon them to help fill unexpected teacher vacancies and they have always been responsive to my needs and successful in finding excellent teaching candidates. They are easy to work with and exceedingly dependable. I plan on calling upon them if future, hard-to-fill teaching vacancies arise.”

Principal, Blessed Sacrament School, Alexandria VA

“I have had the pleasure of working with Adriana Amaro and All About Languages for the past six years at my current school and for many years at my previous school. I have found Adriana delightful to work with. Adriana is very professional and very accommodating. She has staffed my school with wonderful teachers who are also very professional and very committed to Spanish instruction. The AAL teachers are always on time and always prepared. When the teachers are unable to teach due to illness and/or personal reasons, a substitute has always been available. St. Patrick’s has very much enjoyed working with Adriana and the All About Languages instructors! I recommend them highly!”
